How will you Fare in the SOAR Summer Olympics?

It's time! Every year we are asked to provide outcome information on clients assisted using the SOAR model. This information is sent in a report to our SAMHSA-funded technical assistance provider and can be used to impact funding for current and future community programs.

If your agency is using HMIS (Human Management Information System), please update or enter this information as soon as possible. If you need more information or help with entering SOAR data in HMIS please [contact us](#). *If you are not an HMIS user*, please use this linked form [SOAR Data Form](#) to track the status of your SOAR cases and provide them to the [SOAR state team](#). As a reminder, we are asking for SOAR data (claims that have had SSA decisions) for the period of **7/1/15-6/30/16**.

*Please provide your outcomes no later than **8/5/16*** (Hey, isn't that when the 2016 Summer Olympics begin?)

Do you see your name below? Outcomes submitted will determine where you will stand.

Category 1: Highest Approval Rating

Category 2: Most SOAR Claims

Current rankings are based upon SOAR outcomes submitted for 7/1/15-present, with workers who have assisted 4 or more clients.
